

Dear Indy Burn / Indy Burn Plus Coach,

#### **2008 ADD ON TRAINING**

One of PSC's top 2008 Goals and Objectives is to improve the soccer experience for each player. The 2008 additional training program is the most extensive in Pike Soccer Club's history and supplements regular training by each team and coach. The training sessions are tailored to fit the particular needs of the group of players. Now posted on the Coaching page is an overview of the winter and spring plans to date. Additional summer and fall sessions to be announced later.

Will you please review and note sessions scheduled for your team? Direct link (doesn't change): <http://www.pikesoccerclub.org/newstrainingaddon2008.pdf>  
Please check for revisions. I will give you additional instructions as the sessions come closer, i.e. the high school sessions that are geared to specific positions will require only those players to attend. Please note the primary person (marketer) responsible to communicate the training session to participants. Coaching Education page: <http://www.pikesoccerclub.org/coachinged.shtml>

#### **PIKE TOWNSHIP SCHOOL RELATIONSHIP**

PSC highly values its on going relationship with Pike Township Schools. The Pike Township School Athletic Director and Pike Soccer Club desire Pike High School coaches to be involved with Pike Soccer Club. The relationship is based on the reality that we share the same group of children: Pike Schools has them from 7am to 3pm and PSC has them from 3pm-7pm. PSC asks to use Pike School facilities and distribute registration flyers. Pike Schools asks PSC to promote its high school sports and activities (Sports Fair, high school games). The relationship will continue to be nurtured. For example, PSC intends to offer free after school soccer training to some area elementary schools.

PSC has also offered to help find the new Pike High School Varsity Girls Soccer Coach. If you are interested please apply. If you know of another coach who may be interested, please forward this information:

*Pike High School seeks is qualified and experienced coach for the Varsity Girls Soccer Coach position. This is a rare and excellent opportunity to take a good program to the next level. Coach will create a good working relationship with local youth soccer Clubs. Inquiries and applications may be made to Pike High School Athletic Department. Deadline for applications is March 10, 2008. Contact:*

*James Perkins, Jr.*

*District Athletic & Wellness Director*
